Foundation Information

ADVANCED LONG WEAR CONCEALER

Simply the best new product around! This liquid in a tube is virtually weightless but provides amazing cover – perfect for under eyes so you don't have product build up that can end up looking cakey. Just a small dab will cover just about any blemish or use it for fabulous contouring effects. You can even wear it as a full face makeup for strong cover without even knowing it's there. The 13 colours work with every skin tone and let you choose the perfect match.

ALL AROUND CORRECTIVES

Creamy corrective/concealers in convenient colour wheels containing 5 colours each. The Neutral Palette features Light, Med/Light, Medium, Med/Dark and Dark. The Corrective Palette offers the correcting colours Mint, Yellow, Lavender, Light and Extra Dark.

BRONZING POWDERS

Three fabulous mineral colours to create a healthy “sunkissed” look to your skin without the damaging rays of the sun. Very subtle shimmer provides a great summer look.

CAMOUFLAGE CRÈME

Creamy sheer coverage to disguise imperfections or highlight specific areas of the face. Available individually or in any myipalette magnetic palettes or compacts.

CANDLEGLOW HIGHLIGHTER/ILLUMINATORS

Highlight strategically or illuminate all over for a subtle glow with Candleglow – use alone or mix with foundation. Use on face or body.....it's perfect for accenting collarbones or cleavage.

COVERSTICKS

These “eraser sticks” can be used to cover blemishes, scars, circles and imperfections – or to diminish shadows and minimize lines with medium – heavy coverage capability.

Available in Light, Medium, Dark, Yellow, Mint and Lavender to handle all of your needs. Light minimizes deep lines, can be used over or under the eye to counteract dark shadowing; Medium and Yellow are used to camouflage uneven pigmentation; Dark can be used to create “hollows” in cheeks, etc; Mint counteracts redness due to Rosacea and/or blemishes; Lavender/Pink counteracts sallowness.

CRÈME BLUSH

Yummy, easy to blend blushing colour in Peach Blossom or Cameo Pink. Use a little for your daytime look and add a little more for some pizzazz.

CRÈME COMPACT FOUNDATION – Anti-Oxidant, Anti-Aging

This luxurious foundation is formulated with the antioxidant powers of Green Tea Oil, Grape Seed Oil, Pomegranate Oil and Aloe Vera – all of which have been known to help combat signs of aging and promote healing. Now available in 13 colours for a perfect colour match, and providing medium to full blendable coverage containing Vitamins C and B in a plant derived hydrating complex that protects and moisturizes skin while leaving a soft, smooth and conditioned flawless finish that lasts all day.

Good for all skin types.

FLAWLESS FOUNDATION STICKS

Compact and easy to use, these foundation sticks are perfect for precise application on the run or at your leisure. Simply apply as desired and smooth on for strong silky coverage that settles to a soft matte finish. The perfect application for contouring or full face coverage. Good for all skin types.

ILLUMINATING POWDERS

Beautifully silky powders available in 3 shades to highlight and compliment any look. This shimmery “illumination” can be used everywhere – face, eyes, body – to softly enhance and enchant.

FOUNDATION SETTING SPRAY

A refreshing and vitamin enriched mist that both nourishes the skin and sets makeup for a perfect finish. Formulated with Cucumber, Chamomile, Green Tea extracts and Caffeine, this nourishing spray will soothe, hydrate and energize your skin while helping to “hold” your makeup in place. Designed for Mineral Powder Foundations, but just as effective with all Girlee foundation types.

LIQUID JOJOBA

Girlee’s best selling liquid - this sheer, water-based formulation provides medium coverage and blends easily to match any skin tone. Infused with Jojoba for nourishing coverage this foundation works on any skin type but is a favourite for dry, combination and/or mature skin. Available in 9 colours for the perfect match.

MATTE FINISH FOUNDATION

The #1 choice of professionals for bridal/photography/stage makeup as it provides excellent coverage and dries to a perfect matte finish. Formulated with humectants and cucumber extract this oil-free, non-comedogenic formula is perfect for all skin types, including oily-problem skin. Available in 12 great shades.

MATTIFYING POWDER

Finally! A colourless powder that eliminates shine quickly and easily without buildup or caking. It's like blotting paper in a pan for quick and easy touch-ups as needed. Available in Loose Powder, Large Round Case, Small Round Case or in large or small pans only in combination with all mypalette magnetic pans & compacts.

MINERAL LOOSE BLUSH POWDER

Brush on this super-fine pure mineral colour for natural blushing beauty. Available in 4 shades that are best applied with a Kabuki Brush.

MINERAL POWDER FOUNDATIONS

Formulated from the highest quality minerals, this remarkably lightweight product will even out skin tones, help reduce the appearance of fine lines and allow the skin to breathe without sacrificing coverage. Apply with a Kabuki Brush lightly as a finishing powder or more heavily for foundation coverage.

Available Loose in a shaker jar in 8 colours, or pressed in a compact in 7 colours.

OIL CONTROLLING POWDERS

Silky powders in loose or pressed packaging that add a hint of colour while absorbing excess oil to keep makeup looking fresh all day. This product can help set foundation and it's oil absorbing formulation helps eliminate shine to help keep your skin looking fresh and matte. Available in 5 colours.

POWDER BLUSH ON SINGLES

Cheek (or eye) colours that can take you from warm to cool tones and bashful to bold blushing. Professional quality pigments and silky smooth texture make for perfect application and blending. Can also be used on eyes and available in our complete selection of mypalette magnetic compacts & palettes as well as individual pots.

RETRACTABLE FOUNDATION STICKS

Creamy strong coverage in a retractable stick perfect for contouring or complete foundation application. Easily blendable and suits all skin types.

STARBURST "MOSAIC" POWDERS

These corrective cover powders available in 5 tonalities neutralize imperfections and create a subtle healthy glow in any skin tone and type. Especially good to add "life" to sallow skin tones or a soft glint of colour over any foundation. Can be used on cheeks, eyes, cleavage or as an all over powder.

TRANSLUCENT LOOSE POWDER

Lightweight and virtually colourless, translucent powder sets foundation and creates a flawless base for applying colour. Helps to blend colour after makeup application for a perfect matte finish.

VELVET VEIL FOUNDATION PRIMER/SEALER

Perfect for all skin types, Velvet Veil provides the perfect base for makeup application. Apply over moisturizer and under foundation:

1. helps prevent moisture loss in dry skin
2. helps prevent "oily T zone"
3. foundations glide on easily and minimizes product usage
4. helps minimize the appearance of fine lines
5. foundations "hold" better and longer
6. excellent shield for sensitive or irritated skin
7. facilitates blending
8. great on hair & body too!
